**Bhutan—A Country hidden in the heart of the Himalayas**

Presented by: **Deb Geeseman**

*PUBLIC WELCOME*

Come explore the ancient kingdom of Bhutan, a country hidden from time in the heart of the Himalayas. ASONP member Deb Geeseman is an avid explorer of the wilderness and foreign cultures, will present images of her recent travels. The journey will include a trek into the high remote mountainous regions, climbing up and down through valleys of Shangri-La; then head off to visit towns and villages, dzongs and temples, including a tsechu (a Bhuddist festival with dancing). Traveling light with photo gear (a must for this kind of adventure) will also be discussed.
